Residency at UiLab

UiLab is more than just four walls, a desk and great coffee! It is a true eco-support-system of other innovators. You will be part of a community that constantly inspires and challenges you to think outside the box. UiLab is a vibrant and collaborative space designed to help talent grow and succeed.

Residents will have access to all UiLab facilities including;

- Generously sized, permanent workstations with modern, ergonomic furniture
- 24 hour/7 days a week office access
- Fast and reliable internet connection & Wi-Fi
- Secure personal locker for storage
- 12 seat boardroom + 3 other digitally enabled meeting rooms/collaborative spaces
- Individual working 'pods' for quiet time/calls/meetings
- Indoor event space (bookable)
- Full kitchen facilities, indoor/outdoor dining and casual lounge area
- Complimentary tea and coffee (semi-automated espresso machine) for members and guests

Residency at UiLab

As a resident, our commitment is to empower you on your entrepreneurial journey. UiLab specialises in fostering connections by linking you with seasoned mentors and advisors, our highly experienced Entrepreneurs in Residence (EiRs), as well as industry experts. These professionals are dedicated to collaborating with you on comprehensive business development strategies and assist with navigating challenges, ensuring the success of your venture. Should your firm require general services you will also have access to a curated Professional Services Panel for comprehensive business support.

During Residency, we will facilitate your exposure and provide appropriate introductions and access to our international networks and partners, including [Creative HQ \(CHQ\)](#) in New Zealand and the [Network for Global Innovation \(NGIN\)](#) in the United States and internationally. These connections open up avenues for collaboration, innovation, and growth on a global scale, enriching your entrepreneurial experience. You will also enjoy VIP invitations to our in-house events, including venture development sessions, expert talks, networking and industry initiatives, and UiLab social gatherings - ample opportunities to learn, grow and connect!

Membership Fee

To become a Resident at UiLab, we are offering a limited introductory price at **\$375.00 (+ GST) per desk/month.**

This covers each Resident's workspace as well as;

- Use of UiLab facilities for all your business needs including free, bookable spaces for hosting events
- Introduction/access to our Entrepreneurs in Residence (EiRs) & Professional Services Panel
- Facilitated access to our international networks and global partners
- Qualifying access (subject to eligibility) to UiLab venture development programs.

We offer Residency options with flexibility to suit the size of your venture in seat groupings of 2, 4 or 8 workspaces. For larger workspace requirements, please indicate your requirements in the Residency application.

Suitability Criteria

To be considered for Residency at UiLab, your business/company must;

- Be a registered Australian business (or intention to, for international firms)
- Be registered for GST (or intent to be, for international firms)
- Demonstrate financial viability and runway for sustained growth
- Demonstrate clear product differentiation through validated customer demand and a strong product/market fit or substantial progress towards achieving this objective
- Demonstrate a tangible commitment to scaling your firm including nationally and internationally

Join us on our mission to accelerate and grow the AUNZ disruptors and pioneers of tomorrow and be part of the community that helps transform innovation and entrepreneurship in Australia.
